PROFESSIONAL SUMMARY

Seeking an opportunity in a dynamic organization where I can contribute, learn continuously, and grow professionally while delivering meaningful results.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, Responsive Design, REST API Integration, TanStack Query

Backend: Node.js, Express.js

Database: PostgreSQL, MySQL

Tools & Platforms: Git, GitHub, Postman, Vercel, VS Code

WORK EXPERIENCE

Full Stack Developer Intern • Nexzem Technologies

6 Apr 2026 – 15 Jul 2026

- Developed responsive frontend interfaces for production applications using React.js, Next.js, and Tailwind CSS with TypeScript.
- Integrated REST APIs and managed server-state efficiently using TanStack Query.
- Implemented authentication workflows, user profile features, and protected route handling.
- Worked with PostgreSQL and Prisma ORM for backend integration and database operations in both IMS and LBOS projects.
- Collaborated with team members to build scalable, modular application features following clean architecture patterns.

PROJECTS

Inventory Management System *React.js • Tailwind CSS • Express.js • PostgreSQL • Prisma ORM*

- Developed a responsive Inventory Management System with Admin and Manager roles using React.js and Tailwind CSS.
- Built Login, Dashboard, Product Management, Inventory, and Stock Management screens and integrated REST APIs using TanStack Query.
- Implemented product listing, stock updates, reusable UI components, and collaborated with the backend team using Express.js, PostgreSQL, Prisma ORM, and Git.

LBOS (Local Business Operating System) *Next.js • Tailwind CSS • Node.js • Express.js • PostgreSQL • Prisma ORM • TanStack Query*

- Developed frontend and backend features for a business management system to manage users, products, inventory, and outlets.
- Built Login, User Profile, and Inventory Dashboard using Next.js and Tailwind CSS, and integrated REST APIs using TanStack Query.
- Developed JWT Authentication, Product Variant, and Outlet Inventory APIs using Node.js, Express.js, PostgreSQL, and Prisma ORM.

EDUCATION

Master of Computer Applications (MCA) *2023 – 2025*

Graphic Era Hill University

B.Sc. Information Technology *2020 – 2023*

D.A.V. (P.G.) College

CERTIFICATIONS

- Learning MEAN Stack by Building Real World Application – Udemy
- Learning Web Development – Coursera
